1. Explanation of terms

1.1. Apply

When you want to create a new form, find the “Apply” button in “Create New Entry”, click it and fill in all required information, click “Submit” and your application will be completed.

1.2. Save

When you click “Save”, your information will be stored automatically in RAS, you could modify and submit your stored information in “Previous Entries”.

1.3. View

If you have applied one internal funding programme, you could not apply for the same programme again, where you could view your saved/submitted information by click “View”.

1.4. Edit

If you want to modify the saved/returned project information, you can go to the “Previous Entries” and find the “Edit” button in the operation column to enter the editing page and modify your information.

1.5. Submit

After clicking “Submit”, your submission will be completed and you could not modify your information anymore, unless the submission has been returned by the approval.

1.6. Delete

You could “Delete” the saved item for creating a new entry, please note that once you delete the item, it will not be recovered in RAS anymore. You could only delete the item before it has been submitted.

1.7. Print

Once your submission has been received/approved, you could click “Print” to preview and print your submission form in “Previous Entries”.

1.8. Query

If you want to find certain project, you could use “Query” in the upper right corner of the projects list page with various query filters.

1.9. Export

You could use “Export” to export your project information from the RAS in Excel format.

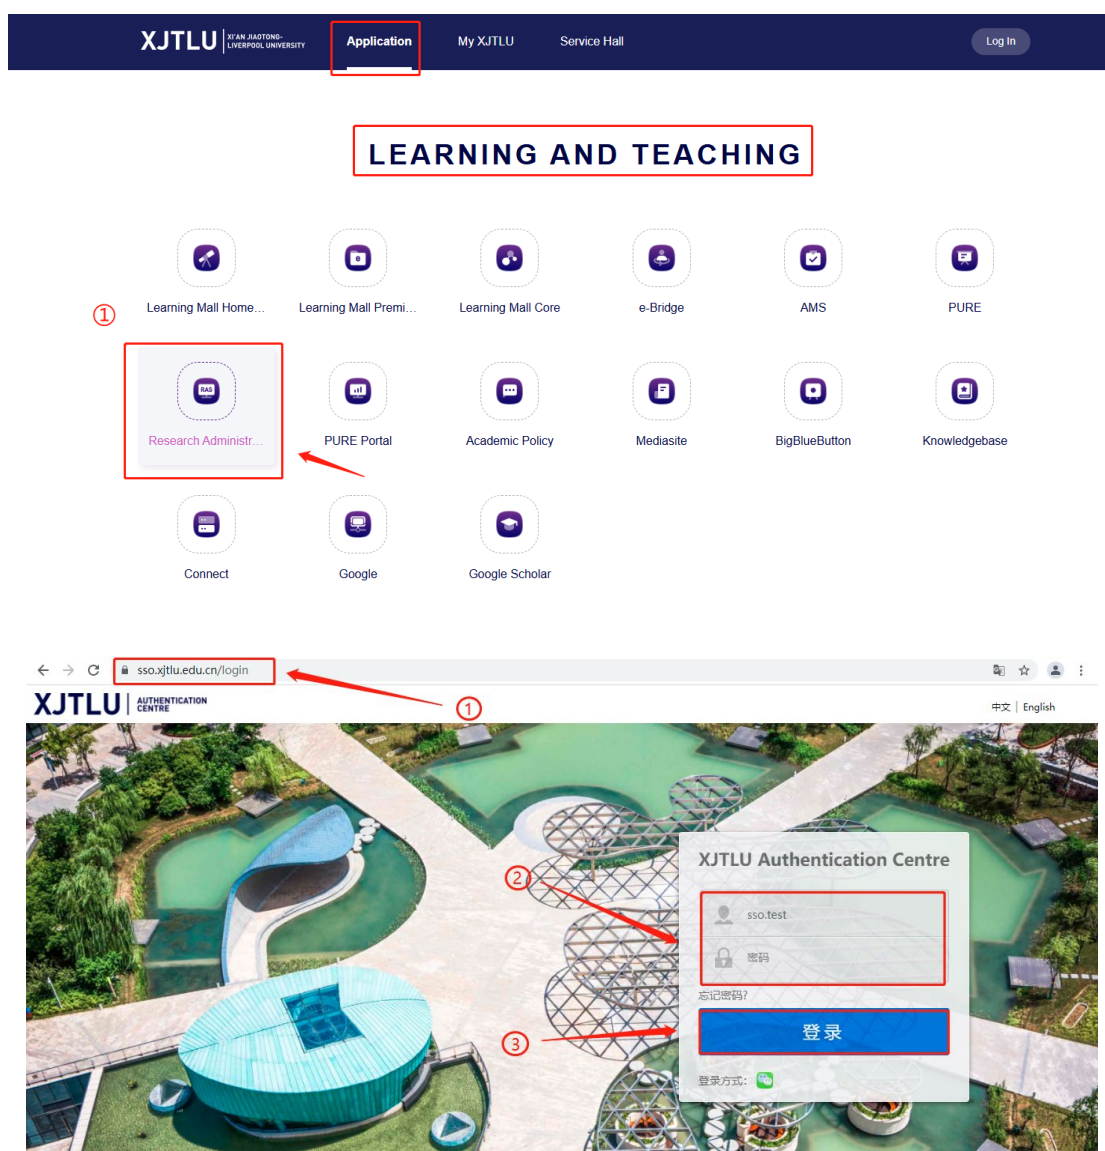

1.10. File+

You could use “File+” to view the relevant documents of your internal projects.

2. Quick Start

2.1. Login System

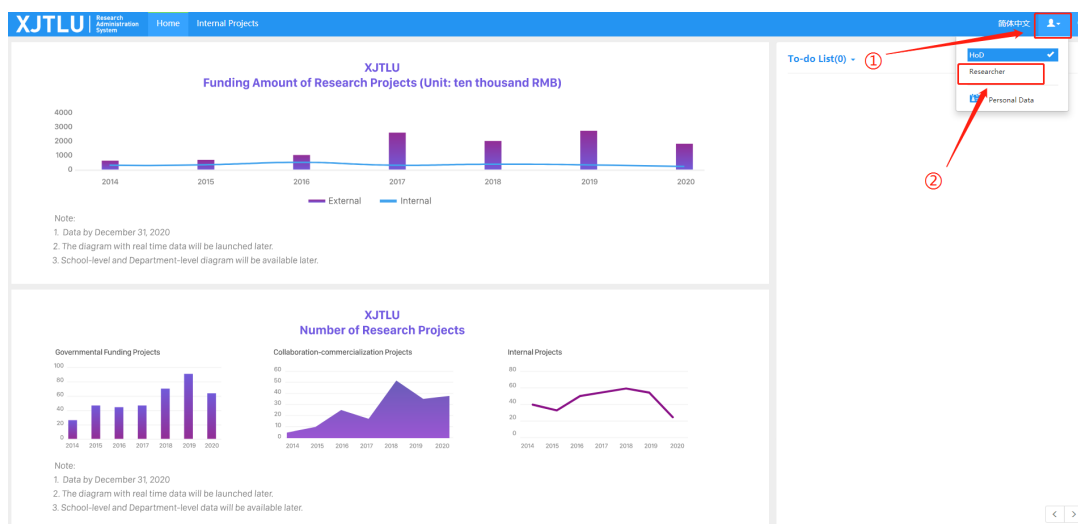

- ① Open XJTLU Ehall Platform (**Recommended browser: Chrome**), find the quick link to Research Administration System under application tab;
(You could also open in the browser and enter the system by search RAS URL:
<http://ras.xjtlu.edu.cn>)
- ② Enter your XJTLU username and password;
- ③ Click log in and enter the Research Administration System.

2.2. Switch the role to “Researcher”

For **HoD/School Dean**, please switch the role to “Researcher” before create new application form.

- ① Click the icon in the upper right corner menu bar;
- ② Select ‘Researcher’ to switch the role.

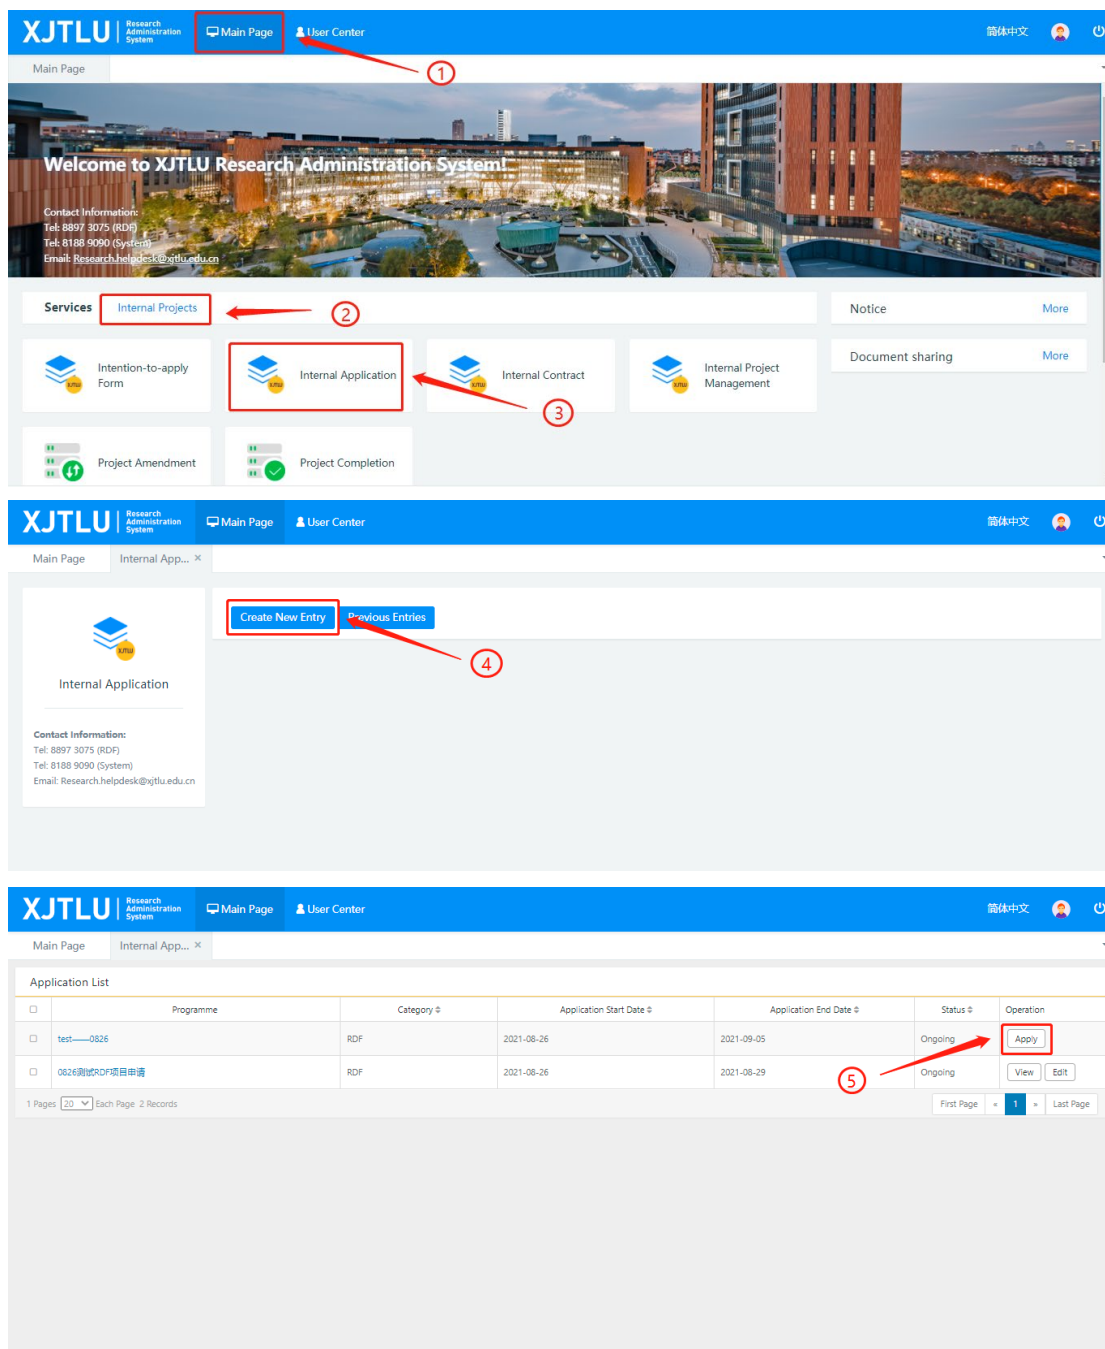

3. XJTLU Internal Projects

3.1. RDF-A Application

3.1.1. Entry to RDF-A Application

- ① Click on “Main Page”;
- ② Click on “Internal Projects” and enter the menu bar of “Internal Projects”;
- ③ Click on “Internal Application”;
- ④ Click on “Create New Entry” and enter the RDF-A programme list;
- ⑤ Click on “Apply” and then enter the Internal Application page.

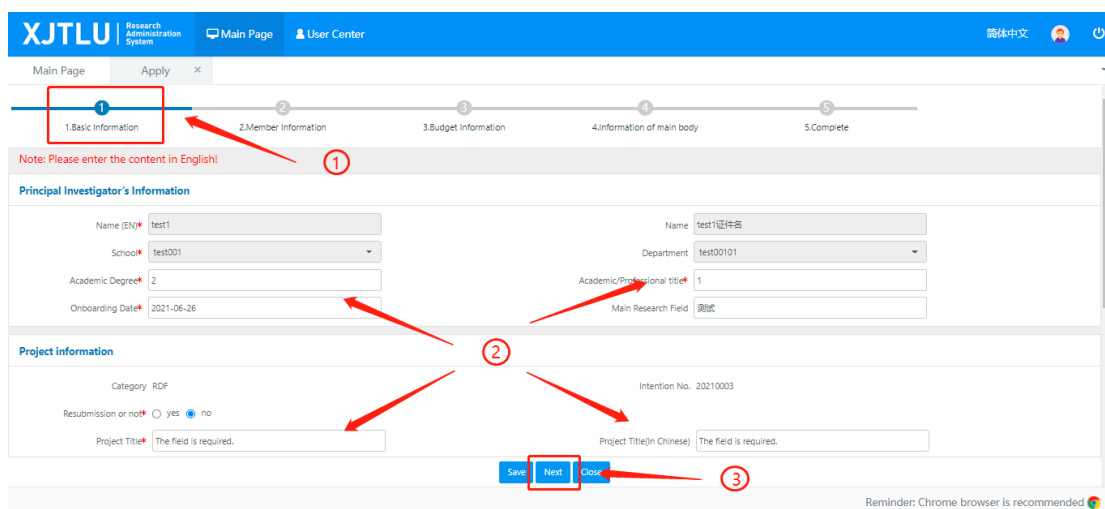

The screenshot shows the XJTLU Research Administration System interface. The top navigation bar includes 'Main Page' and 'User Center'. The 'Main Page' is selected, and the 'Internal Projects' service is highlighted. The 'Internal Application' service is selected, and the 'Create New Entry' button is highlighted. The 'Previous Entries' button is also highlighted. The 'Internal Application' form is displayed, showing a table of applications with columns for Programme, Category, Application Start Date, Application End Date, Status, and Operation. The 'Apply' button in the Operation column is highlighted.

3.1.2. Fill in Application Form

1) Basic Information:

- ① Enter the page of “Basic Information”;
- ② Complete “Principal Investigator’s Information” and “Project Information”;
- ③ Click “Next” when finish the above information and then enter “Member Information” page.

XJTLU Research Administration System

3) Budget Information:

- ① Enter the "Budget Information" page;
- ② Enter the amount and justification of each budget category. The sum of all budget categories must be equal to total applied amount;
- ③ Click "Next" to enter the "Information of main body" page.

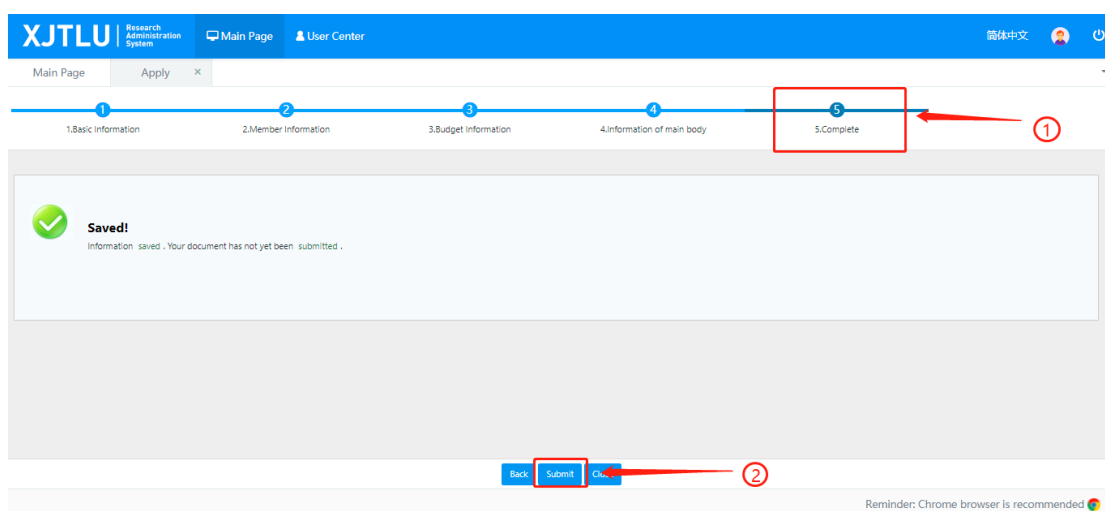

4) Information of Main Body:

- ① Enter the “Information of main body” page;
- ② Please read the instructions carefully;
- ③ Complete the required document according to the instruction, and then upload. You could preview your full application form by click “Preview”;
- ④ Check the “Declaration” checkbox;
- ⑤ Click “Next” and enter the “Complete” page.

5) Complete:

- ① Enter the “Complete” page;
- ② Click “Submit”.

3.1.3. Evaluation Status

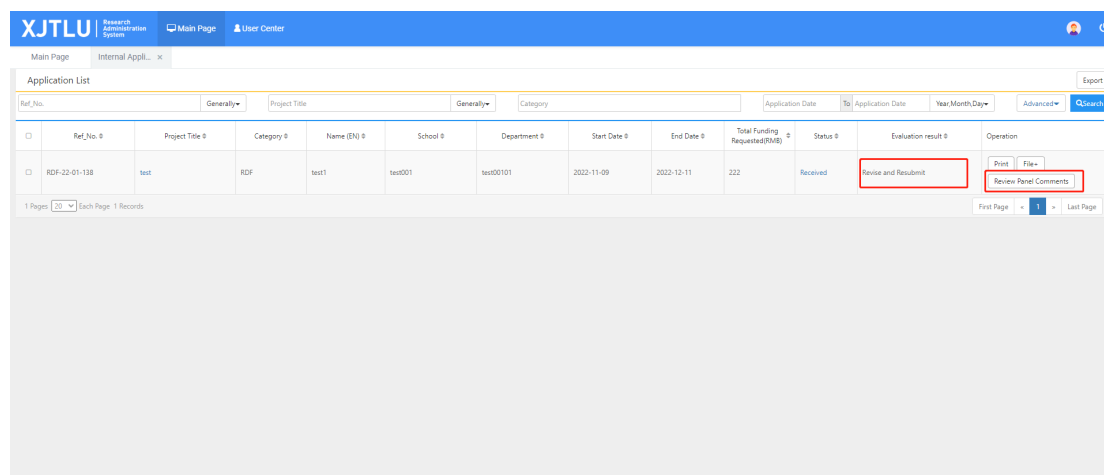

The evaluation status could be find through [Main Page] → [Internal Projects] → [Internal Application] → [Previous Entries] in “Evaluation Status” column. There could be two statuses in total:

1. Status as “Fund”

Your application is agreed to be funded by Research Funding Sub-Committee, now you could create and submit the contract in RAS.

2. Status as “Reject”/ “Revise and Resubmit”

Your application is rejected or for Revise and Resubmit by Research Funding Sub-Committee, please check the review comments for your application by click “Review Panel Comments”.

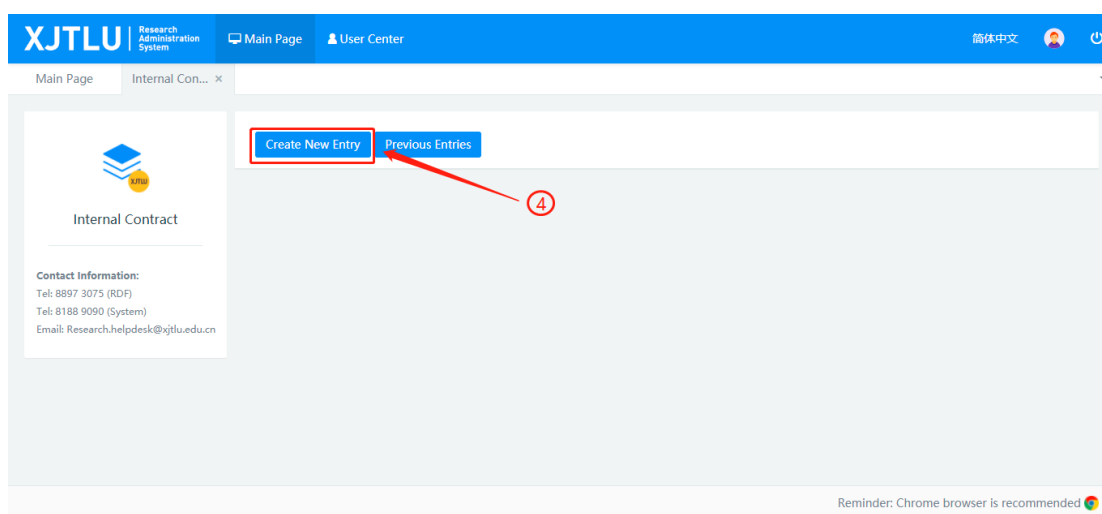

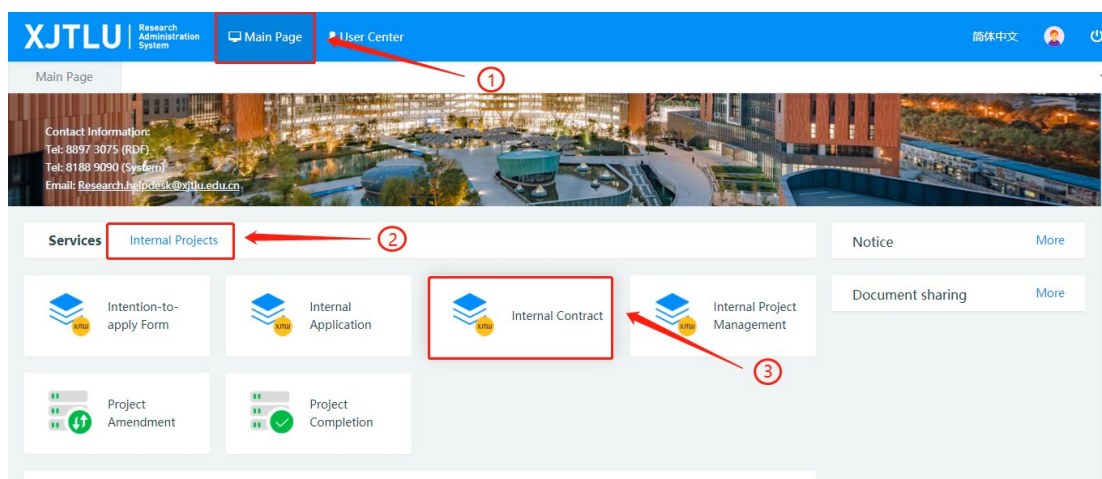

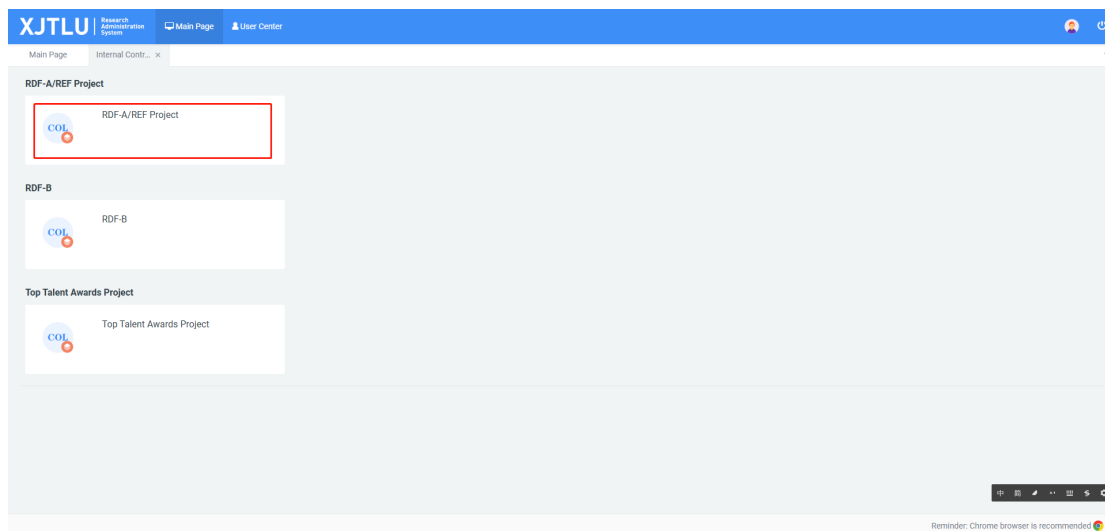

Ref_No.	Project Title	Category	Name (EN)	School	Department	Start Date	End Date	Total Funding Requested(RMB)	Status	Evaluation result	Operation

3.2. Internal Contract

3.2.1. Entry to RDF-A Contract

- ① Click on “Main Page”;
- ② Click on “Internal Projects” and enter the menu bar of “Internal Projects”;
- ③ Click on “Internal Contract”;
- ④ Click on “Create New Entry” and Select ‘RDF-A’ to enter the contract information page.

3.2.2. Fill in Internal Contract

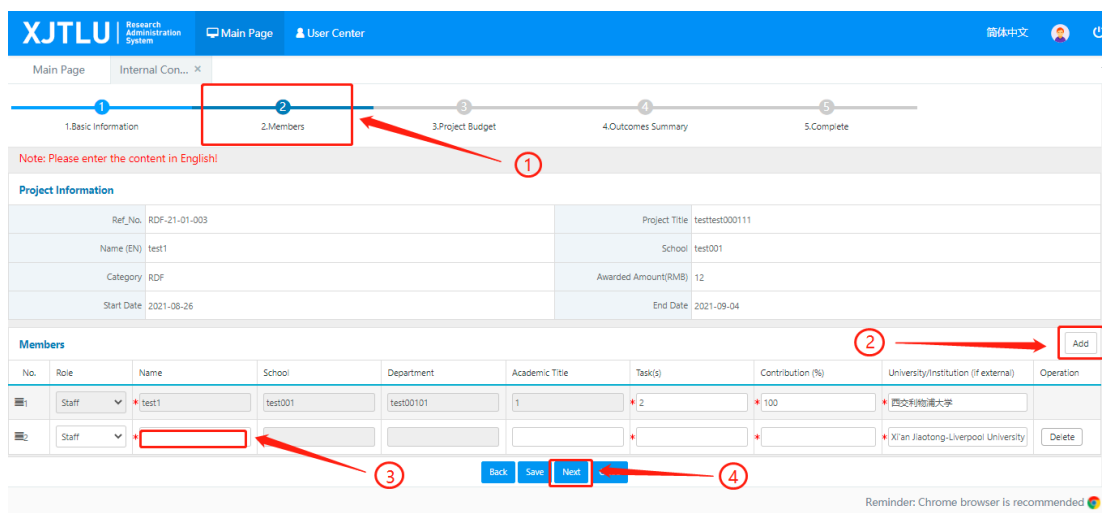

1) Basic Information

- ① Enter the page of “Basic Information”;
- ② Click the blank input field of “Ref.no”, the ref.no of your funded RDF-A application will pop up automatically, select it (The information filled in application procedure will be filled automatically);
- ③ Click “Next” when finish the above information and then enter “Member Information” page.

2) Member Information

- ① Enter the “Member Information” page;

- ② Click “Add” to add new team member;
- ③ Click “Name” and it will search for staff’s information automatically when you input staff’s name;
- ④ Click “Next” after complete member information and enter the “Budget Information” page.

3.3. RDF-A Project Management

3.3.1. Internal funded projects List

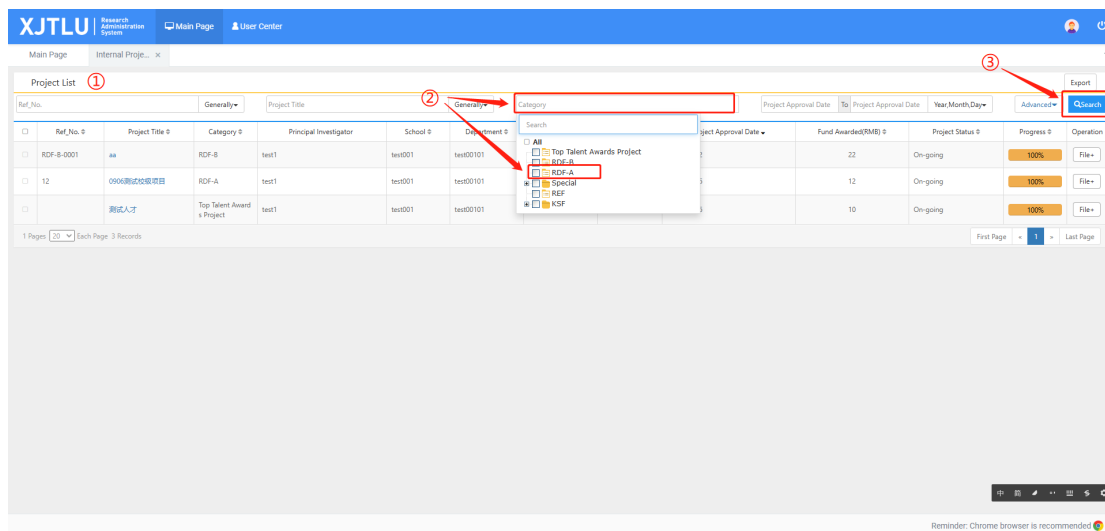

- ① Click on “Main Page”;

- ② Click on “Internal Projects” and enter the menu bar of “Internal Projects”;
- ③ Click on “Internal Project Management”;
- ④ Click on “Internal Project Management” and enter the projects list (This page only listed all the internal projects that the researcher is work as PI).

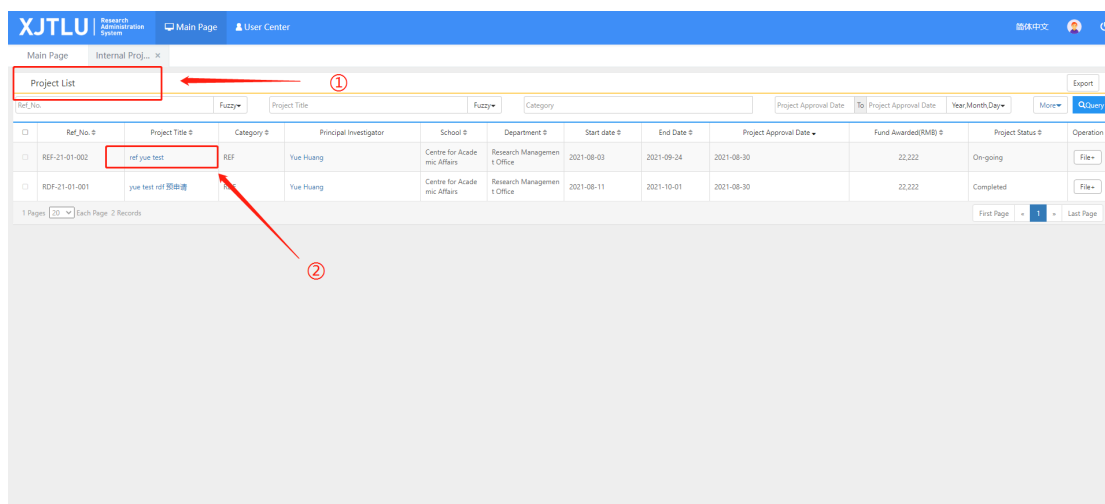

3.3.2. Find your RDF-A project

- ① Enter the internal projects list page;
- ② Click the “Category” at the top of the search section, select “RDF-A”;
- ③ Click “Search”, the list will show all the RDF-A projects.

3.3.3. Check the detail information of your RDF-A projects

- ① Enter the internal funded projects list page;
- ② Click the title of the project in “Project Title” column and enter to detail information page;
- ③ Click the information sections on the top to check the detail information.

3.4.2. Fill in amendment form

There are four types of project amendment could be selected, including budget change, project investigator change, project extension, and project termination.

1) Project Budget Change

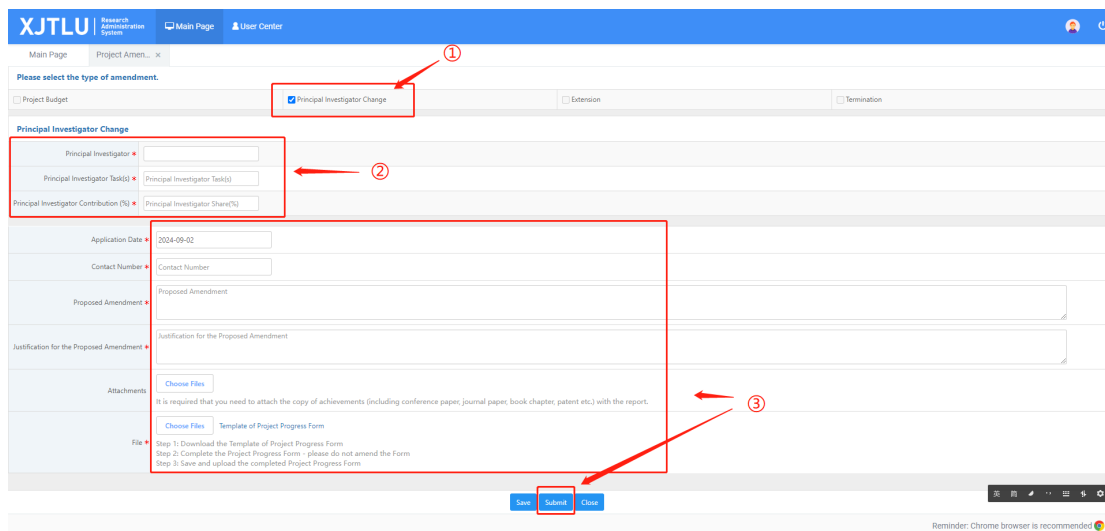

- ① Check "Project Budget" and the page will display the table of budget items to be amended;
- ② Adjust the budget information in the table, please note that after adjusting the budget amounts, the total budget should be equal to the total budget before the change. To adjust the budget, please use "+" or "-" to indicate the increase or decrease in the column for adjustment;
- ③ Complete the information of Proposed Amendment and Justification for the

Proposed Amendment, upload relevant documents, click “Submit”.

2) Principal Investigator Change

- ① Check “Principal Investigator Change”, please note if you select the “Principal Investigator Change”, you could not select other three types of amendment at the same time;
- ② Input the name of the new "Principal Investigator" for the project;
- ③ Complete the required information and upload relevant documents, click “Submit” (***After the amendment of "Principle Investigator Change" is completed, the project will only be found in new PI's RAS account, and the previous PI could not view or operate the project anymore).***)

3.6. Operation and Status

3.6.1. Operation Tips

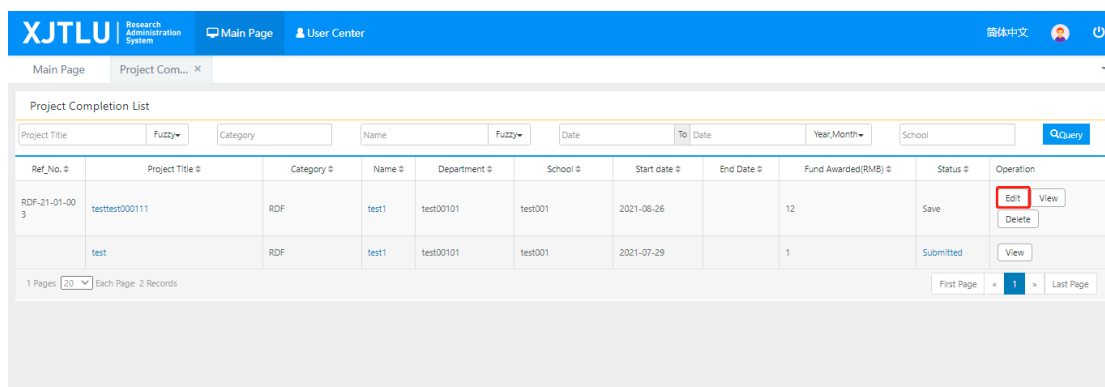

1. The fields marked with red * on the page are required to be filled.
2. During the process of adding new information, click on “Save” or “Close”, the research system will automatically store the filled information. To continue your submission, you could click “Edit” to stay on the current page and complete your submission, or you could click “Close” and back to main page.

3. If you clicked “Save” and closed current page, you could view and modify the temporarily stored items through two methods:
 - a) Follow the process [Main Page] → [Status Tracking] → [To do] tab, click the icon to “Edit”;

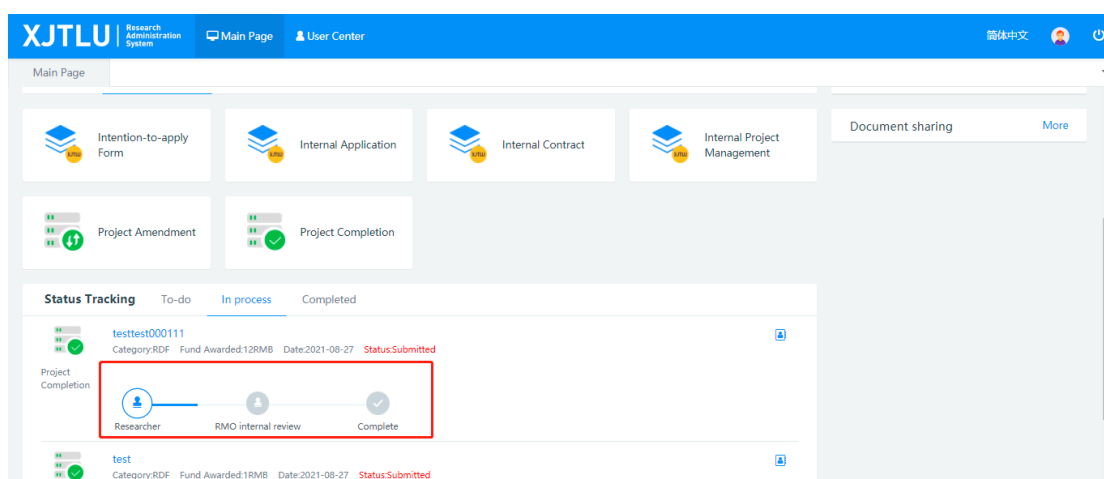

- b) Follow the process [Main Page] → [Internal Project] → [Project Completion] → [Previous Entries] tab, click “Edit”

4. After submit information, there are two methods to view the current progress of your submission:

- a) Follow the process [Main Page] → [Status Tracking] → [In Process] tab, you can view the progress of processing here;

- b) Follow the process [Main Page] → [Internal Projects] → [Project Completion] → [Previous Entries] to view all your completion reports. You can view the progress of processing by clicking “Status”.
